Financial Policy

This is an agreement between Colorado Spine and Scoliosis and the Patient/Debtor named on this form.

In this agreement the words “you”, “your”, and “yours” mean the Patient/Debtor. The word “account” means the account that has been established in your name to which charges are made and payments credited. The words “we”, “us”, and “our” refer to Colorado Spine and Scoliosis.

By executing this agreement, you are agreeing to pay for all services that are received.

Contracted Insurance- If we are contracted with your insurance company, we must follow our contract and their requirements. If you have a co-pay or deductible, you must pay that at time of service. It is the insurance company that makes the final determination of your eligibility. If your insurance company requires a referral, you are responsible to obtaining it. Failure to do so may result in a lower payment from the insurance company.

Non-Contracted Insurance- Insurance is a contract between you and your insurance company. We are NOT a party to this contract, in most cases. We will bill your primary insurance company as a courtesy to you. Although we may estimate what your insurance company may pay, it is the insurance company that makes the final determinations of your eligibility. You agree to pay any portion of the charges not covered by insurance. If your insurance company requires a referral, you are responsible for obtaining it.

Required payments- Any co-payments required by an insurance company must be paid at the time of service.

Worker's Compensation- We require approval/authorization by your worker's compensation carrier prior to your initial visit. If your claim is denied, you will be responsible for payment in full.

Personal Injury- If you are being treated as part of a personal injury lawsuit or claim, we require verification from your attorney prior to your initial visit. In addition to this verification, we require that you allow us to bill your health insurance. In the absence of insurance, other financial arrangements may be discussed. Payment of the balance remains the patient's responsibility. We will not bill your attorney for charges incurred due to a personal injury case.

Payment Options if you have no insurance-

You choose to pay by cash, check, or credit card on the day that treatment is rendered.

Returned Checks- There is a fee of \$25 for any checks returned by your bank.

Statement- If you have a balance on your account, we will send you a monthly statement. It will show separately the previous balance, any new charges to the account, and any payments or credits applied to your account during the month.

Payments- Unless other arrangements are approved by us in writing the balance on your statement is due and payable when the statement is issued and is past due if not paid by the end of the month.

Credit History- We have the option to report your account status to any credit reporting agency such as a credit bureau.
Past due accounts- We have the right to deny any future visits and have the right to require patients with a balance pay their balance to zero (\$0.00) prior to receiving further services by our practice. If your account becomes past due, we will take necessary steps to collect this debt. If we must refer your account to a collection agency, you agree to pay all the collection costs which are incurred. If we must refer collection of the balance to a lawyer, you agree to pay all lawyers fees which we incur plus all court cost.

Waiver of confidentiality- You understand if this account is submitted to an attorney or collection agency. If we must litigate in court, or if you are past due status is reported to a credit reporting agency, the fact that you receive treatment at our office may become a matter of public record.

Co-signature- If this or another financial policy is signed by another person, that co-signature remains in effect until canceled in writing. If written cancellation is received, it becomes effective with any subsequent charges.

Once you have signed this agreement, you agree to all the terms and conditions contained herein and the agreement will be in full force and effect.

Cancellation / No Show Policy

1. *Cancellation/ No Show for Appointment*- We understand that there are times when you must miss an appointment due to emergencies or obligations for work or family. However, when you do not call to cancel an appointment, you may be preventing another patient from getting much needed treatment. Conversely, the situation may arise where another patient fails to cancel and we are unable to schedule you for a visit, due to a seemingly "full" schedule. If an appointment is not cancelled at least 24hrs. in advance you will be charged a \$50.00 (fifty dollars) fee, this will not be covered by your insurance company.
2. *Scheduled Appointments*- We understand that delays can happen however we must try and keep the other patient's appointment and doctor on time. If you are 15minutes past their scheduled time, we will have to reschedule your appointment.
3. *Cancellation/ No show for Surgery*- Due to the large block of time needed to schedule surgery, last minute cancellations can cause problems and added expenses for the office. If surgery is not cancelled at least 10 days in advance you will be charged a \$100.00 (one hundred) fee; this will not be covered by your insurance company.
